PROFILE

Passionate and skilled Mobile Developer with a degree in Industrial Informatics Engineering from the International Hellenic University. Specializing in cross-platform mobile app development with extensive experience in Flutter, I have a strong foundation in building scalable and high-performing mobile applications. Currently expanding my knowledge by learning Swift and Kotlin to enhance my iOS and Android development skills. Eager to contribute to innovative projects that push the boundaries of mobile technology.

WORK EXPERIENCE

DotSoft

Mobile Developer

2024 / MAY - PRESENT
